WARSHIPS AT BEIRUT

UNITED STATES CRUISERS SAN FRANCISCO AND BROOKLYN REACH THAT PORT.

AWAITING COTTON'S REPORT

WASHINGTON OFFICIALS WILL THEN DETERMINE DISPOSITION OF SQUADRON.

Beirut, Syria, Sept. 5.—The United States cruisers Brooklyn and San Francisco arrived here Friday.

Washington, Sept. 5.—The disposition of the cruisers Brooklyn and San Francisco of Admiral Cotton's squadron, which arrived at Beirut Friday, has not yet been finally determined by the administration. No orders regarding the future movements of the vessels have been sent to Admiral Cotton and much will depend on the character of the report he makes concerning conditions in and around Beirut and on the representations which may come from the minister as to the necessity for the presence of American war vessels in Turkish waters to look after the protection of the interests of the citizens of the United States in the sultan's domain.

Minister Leishman has informed the state department that some of the European powers have landed marines in Constantinople. If the lives of Americans there become endangered the United States government also will send a detachment of marines to Constantinople.

Minister Leishman also cabled that owing to the disturbed conditions in Constantinople an additional kavase, or detective force, had been stationed at the American legation.

Suggested by Turkey.

This action was taken on the suggestion of the Turkish government, which has assured the American minister that it will use every precaution to protect all foreigners, but has warned the different embassies and legations that it would be well to strengthen their forces.

Cheikh Bey, the Turkish minister here, while not officially advised, does not think his government would object to the sending of an American vessel through the Dardanelles with marines to assist the Turkish guards in protecting the American legation.

The porte, in advising the foreign embassies and legations of the measures taken to protect them, added a warning against Bulgarian bandits who might attempt to elude the Turkish guards and attack the foreigners from within.

It is believed that in case the United States desired to send a launch or small vessel from Admiral Cotton's squadron with a guard for the American legation, Turkey would have a right to admit them to the Dardanelles without consulting and obtaining the permission of the other powers.

HAVE REACHED A CRISIS.

Affairs in Turkey Demand Action of United States.

London, Sept. 5.—The Morning Post publishes a letter from its Constantinople correspondent in which he discusses the Beirut affair and the position of the American missionaries in Asia Minor.

He says: "Things have arrived at a crisis. The United States must either insist on the porte's listening to its representations regarding American converts or drop the missionaries altogether. The latter course is naturally impossible, and the sending of a squadron has great significance as showing a determination on the part of America to take an active part in the Turkish question. One result of this step will probably be to induce the sultan to raise his representative at Washington to the rank of ambassador so that the United States can be equally represented here. At present America is at a decided disadvantage in this respect compared with the other first-class powers. Nobody can foresee the ultimate attitude of the United States, but it is almost certain that her weight will incline on the side of the Christian against the Turk. At the same time, as a matter of importance to Great Britain, America is almost bound to oppose the descent of Russia on the Dardanelles, because in religious matters the Turk is more tolerant than the Russian."

er first-class powers. Nobody can foresee the ultimate attitude of the United States, but it is almost certain that her weight will incline on the side of the Christian against the Turk. At the same time, as a matter of importance to Great Britain, America is almost bound to oppose the descent of Russia on the Dardanelles, because in religious matters the Turk is more tolerant than the Russian."

ANXIOUSLY DISCUSSED.

Affairs in the Balkans Interest All European Capitals.

London, Sept. 5.—The increasing threatening aspect of affairs in the Balkans seriously occupies all the European capitals. What is to be done in Macedonia is anxiously discussed on all sides. The censorship is active at Constantinople, for the only news thus far of the landing of marines emanated from Washington.

The subject is not mentioned in any Constantinople dispatches received here. According to these dispatches, although it is considered certain that the destruction of the Hungarian steamer Vaskapu in the Black sea was the work of the insurgents, the intention to kill Hungarian subjects may provoke Austrian intervention.

The Austrian embassy at Constantinople, in the absence of convincing proofs, has not yet taken action. The police in the meantime are arresting Bulgarians in all parts of Constantinople and wild rumors are afloat there of other projected outrages. The bourse is panic-stricken because of the fears of war. Most active military preparations by the Turkish government are proceeding and Turkish officers are talking of their ability to reach Sofia within three weeks from the outbreak of war.

The situation is critical for the Bulgarian government, telegraphs the Sofia correspondent of the Times, not only on account of Macedonia, but also because of the internal political complications.

There are many reports of dissatisfaction among the Turkish troops and it is said that the redifs are selling their rifles to insurgents.

It is reported that 35 Christian villages have been destroyed in the district of Okrida and that many women and children were killed and that others are destitute.

Turkey will shortly have 400,000 soldiers in Macedonia. The prospects of the appearance of such an immense army causes the most intense anxiety at Sofia. It is regarded as certain to arouse the suspicions of the powers.

The porte had great difficulty in inducing the Asiatic troops to proceed to European Turkey. The change of climate has already caused many deaths.

GENERAL STRIKE PROBABLE.

Express Employees Throughout the Country May Go Out.

Chicago, Sept. 5.—The Chronicle says a general strike of railway express employees throughout the United States is threatened because of the refusal of six of the largest companies in Chicago to consider demands made by the Brotherhood of Railway Expressmen two months ago.

It was announced today that the men are preparing to strike, the fight to be directed particularly against the United States Express company.

While it is the aim of the rank and file to tie up the local agencies of all the principal express companies, leaders in the organization declare that the strike will spread to all agencies of the United States and that 800 employees of the United States Express company will be involved unless some recognition of the demands made by the union is forthcoming.

Frank E. Modie, national president of the Expressmen's Brotherhood, and Ralph C. Hill, president of the Chicago local branch of the organization, conferred today over the probable strike, and a special meeting of the brotherhood will be held on Sunday, when a general strike vote may be taken or at least arranged for.

The local agencies to suffer from the strike, if it is called, are the Adams, American, National, Pacific, Northern Pacific, United States and Wells Fargo.

The men desire a rearrangement of working hours, an increase in wages and recognition of the union, but so far they have failed to secure a meeting with the officers of the express companies.

EDSON TOOK A LARGE SUM.

New York Murderer and Suicide Said to Be Short More Than \$50,000.

New York, Sept. 5.—More than \$50,000, and perhaps \$100,000, is lost to St. Michael's Protestant Episcopal church, according to the Herald, through forgeries and misappropriations by Henry T. Edson, who last Wednesday killed Mrs. Fannie Pullen and himself. The vestry met last Monday to authorize an expert accountant to examine the books kept by Edson as controller of the church property. He was summoned from Maine and the threatened exposure is believed to have unbalanced his mind.

Although the investigation has only begun it is alleged to have been found that Edson discounted a note for \$25,000, purporting to be signed by the treasurer of the church; that he cashed several forged checks and that he appropriated to his own use rents and voluntary contributions.

The church, although it has wealthy members, is heavily endowed and has properties which yield a large income.

CHANGE IN THE POLICY

PRESIDENT ROOSEVELT WILL ADOPT PROMOTION SYSTEM IN CONSULAR SERVICE.

TO THE IMPORTANT PLACES

ONLY MEN OF EXPERIENCE AND TRAINING WILL HEREAFTER BE APPOINTED.

Oyster Bay, Sept. 5.—An important change of policy with respect to the making of appointments in the consular service has been decided on by President Roosevelt. He discussed the change Friday with Assistant Secretary of State Francis B. Loomis.

For many years it has been almost the uniform practice of presidents to appoint men to positions in the consular service substantially without reference to whatever previous experience they may have had. Quite naturally the president endeavored always to select for appointment men of integrity and ability but experience was not a determining factor in the equation.

President Roosevelt, after consultation with Secretary Hay, Assistant Secretary Loomis and members of his cabinet not immediately identified with the state department, has determined to appoint hereafter to important places in the consular service men who already are in the service and have had that experience and training in minor positions which will render them the more capable of filling places of higher grade and greater importance.

Does Not Extend Civil Service.

The change in the policy does not extend the civil service and it does not extend, necessarily, a consul's tenure of office at any particular place; but it is pointed out, it gives reasonable assurance to the manufacturing and commercial interests of the United States which particularly are interested in the extension of the country's foreign trade, that in a comparatively brief time all important consular situations will be filled not only by men of character and ability, but by men who, by training and experience, are specially qualified to advance the trade interests of the United States.

Mr. Loomis discussed with the president several appointments in the service that are to be made soon. It is understood that all of the appointments will be men who now are filling places of lesser importance in the service. They are to be promoted and in turn, their places will be filled by men who have not had the experience they have had.

Unknown Negro Drowns Himself to Escape Being Lynched.

Kansas City, Mo., Sept. 5.—An unknown negro was caught Friday afternoon in the act of assaulting Mrs. Margaret Gerahn, a white woman, in her home at Armourdale, Kan., a suburb. He fled, chased by a crowd with the intention of lynching him, and when he realized that escape was impossible, drowned himself in the Kansas river, jumping overboard from a boat in which he was trying to gain the Missouri side. The negro had been in Mrs. Gerahn's house for three hours and had repeatedly choked her to make the woman give up her money. She probably will recover.

TROOPS ORDERED OUT.

Thousand Militia to Go on Duty at Cripple Creek.

Denver, Sept. 5.—After receiving the report of the committee which he sent to Cripple Creek to investigate strike conditions there Governor Peabody has ordered troops to the gold camp.

Brigadier General John Chase will command the force of about 1,000 men. Troops were asked for by the Mine Owners' association. No further violence has been reported.

Harvesting Greatly Delayed.

St. Paul, Sept. 5.—Threshing and harvesting in the Northwest has been greatly delayed by the heavy rains of the past week. According to the Northern Pacific's weekly report, the yield of grain in the Northwestern states is an average one, but much damage is now being done by the rains delaying the harvesting and threshing of wheat.

Winnipeg, Man., Sept. 5.—Two men met instant death Friday at Brandon, Man. R. Chambers, aged thirty-five, and W. Both were pinned in the mud by the heavy machine.

Theodore Shaffer Missing.

Pittsburg, Sept. 5.—The Dispatch says that Theodore Shaffer, president of the Amalgamated Association of Iron, Steel and Tin Workers, is missing. MRS. HELENA BLAV,

Young Milwaukee Society Woman.

TEN thousand cured women have written to tell how Wine of Cardui bestows the blessing of health on every woman who takes it, rich and poor alike. Mrs. Helena Blav, No. 123 Seventh Street, Milwaukee, Wis., is one of the young women whom Wine of Cardui has rescued from a life of suffering. She writes:

The woman who has suffered from female weakness should do anything within reason to secure health. Wine of Cardui is the medicine that appeals to reasonable women—women who hold operations and cutting in horror—women who know that Nature is the best physician. Wine of Cardui gives women back their health by giving Nature a chance to build up the wasted and diseased tissue. Wine of Cardui regulates the menstrual flow and Nature, when relieved of the drains or of the poisons in the system, makes the functional organs strong and healthy again.

"Wine of Cardui is certainly 'women's best friend' and I am pleased to give my experience with it. A few months ago I caught a severe cold, having been out in inclement weather, which settled all over me, particularly in the abdomen. I was in almost constant pain. I consulted a physician and took his medicine for a month and without any relief. I then decided I would try my medicine and it was a lucky day for me when I did so. I noticed a change in a few days and felt encouraged to continue taking Wine of Cardui, and my patience was rewarded, for in two weeks my pains had left me and I felt like a new woman."

Any woman who is silently suffering untold pains because she is too sensitive to undergo a physician's examination and treatment can find no excuse for not securing relief when Wine of Cardui is offered to her. There is no publicity to deter her. She can take Wine of Cardui in the privacy of her home, with as much assurance of a final cure as though a dozen doctors recommended it. Many physicians do recommend Wine of Cardui to their patients. Why not get a \$1.00 bottle of Wine of Cardui from your druggist today?

WINE of CARDUI

A million suffering women have found relief in Wine of Cardui.

MRS. HELENA BLAU,

Young Milwaukee Society Woman.

TEN thousand cured women have written to tell how Wine of Cardui bestows the blessing of health on every woman who takes it, rich and poor alike. Mrs. Helena Blau, No. 123 Seventh Street, Milwaukee, Wis., is one of the young women whom Wine of Cardui has rescued from a life of suffering. She writes:

The woman who has suffered from female weakness should do anything within reason to secure health. Wine of Cardui is the medicine that appeals to reasonable women—women who hold operations and cutting in horror—women who know that Nature is the best physician. Wine of Cardui gives women back their health by giving Nature a chance to build up the wasted and diseased tissue. Wine of Cardui regulates the menstrual flow and Nature, when relieved of the drains or of the poisons in the system, makes the functional organs strong and healthy again.

"Wine of Cardui is certainly 'worn out' women's best friend and I am pleased to give my experience with it. A few months ago I caught a severe cold, having been out in inclement weather, which settled all over me, particularly in the abdomen. I was in almost constant pain. I consulted a physician and took his medicine for a month and without any relief. I then decided I would try your medicine and it was a lucky day for me when I did so. I noticed a change in a few days and felt encouraged to continue taking Wine of Cardui, and my patience was rewarded, for in two weeks my pains had left me and I felt like a new woman."

Any woman who is silently suffering untold pains because she is too sensitive to undergo a physician's examination and treatment can find no excuse for not securing relief when Wine of Cardui is offered to her. There is no publicity to deter her. She can take Wine of Cardui in the privacy of her home, with as much assurance of a final cure as though a dozen doctors recommended it. Many physicians do recommend Wine of Cardui to their patients. Why not get a \$1.00 bottle of Wine of Cardui from your druggist today?

WINE of CARDUI

A million suffering women have found relief in Wine of Cardui.

What is Life?

In the last analysis nobody knows, but we do know that it is under strict law. Abuse that law even slightly, pain results. Irregular living means derangement of the organs, resulting in constipation, headache, or liver trouble. Dr. King's New Life Pills quickly readjust this. It's gentle, yet thorough. Only 25c at H. P. A slight fire occurred on the fourth floor of a downtown establishment. An Irishman was at work on the same floor at the time the blaze started, and after it was put out Pat was called into the private office of the manager. "Pat, why didn't you try to put that fire out yourself? You could easily have extinguished it with a hand grenade; there's plenty of them up there," said the manager.

"Well, sor," returned Pat, "I had four of them on the case, but I couldn't get the corks out in time, begorra." Philadelphia Telegraph.

CONDITION SOMEWHAT CRITICAL

Senator A. F. Ferris Thought to be Suffering From Appendicitis--Operation May be Necessary.

The condition of Senator A. F. Ferris today is somewhat critical and it is now thought that he is suffering from appendicitis. Dr. A. F. Groves, the attending physician, this morning wired to Minneapolis for Dr. C. J. Ringnell and upon his arrival this afternoon a consultation was held. He did not get away in time to catch No. 5 this morning so came as far as Little Falls on the "flyer" and from Little Falls here on a special.

What is Life?

In the last analysis nobody knows, but we do know that it is under strict law. Abuse that law even slightly, pain results. Irregular living means derangement of the organs, resulting in constipation, headache, or liver trouble. Dr. King's New Life Pills quickly readjust this. It's gentle, yet thorough. Only 25c at H. P. Not Used to Pulling Corks.

A slight fire occurred on the fourth floor of a downtown establishment. An Irishman was at work on the same floor at the time the blaze started, and after it was put out Pat was called into the private office of the manager. "Pat, why didn't you try to put that fire out yourself? You could easily have extinguished it with a hand grenade; there's plenty of them up there," said the manager. "Well, sor," returned Pat, "I had four of them on the case, but I couldn't get the corks out in time, begorra." Philadelphia Telegraph.

WHY HE DOES IT.

Druggists H. P. Dunn & Co. Gives Rea-

"I isn't often that we have faith
enough in the medicines put up by other
people to be willing to offer to refund
the money if it does not cure," said
druggists H. P. Dunn & Co. to one of
their many customers, "but we are
glad to sell Dr. Howard's specific for the
cure of constipation and dyspepsia on
that plan.

"The Howard Co., in order to get a
quick introductory sale, authorized
us to sell the regular fifty cent bottle
of their specific for half price, 25 cents,
and, although we have sold a lot of it,
and guaranteed every package, not one
has been brought back as unsatisfactory.

"One great advantage of this specific"
he continued, "is its small dose and con-
venient form. There are sixty doses in
a vial that can be carried in the vest
pocket or purse, and every one has more
medicinal power than a big pill or tablet
or a tumbler of mineral water.

"H. P. Dunn & Co. are still selling the
specific at half price, although we can-
not tell how long we shall be able to do
so. Any person who is subject to con-
stipation, sick headache, dizziness, liver
trouble, indigestion or a general play-
ed-out condition, ought to take advantage
of this opportunity. If the specific does
not cure them they can come right back
to our store and we will cheerfully re-
fund their money." 9

WHY HE DOES IT.

Druggists H. P. Dunn & Co. Gives Rea-
sons for Selling at Half-Price.

"I isn't often that we have faith
enough in the medicines put up by other
people to be willing to offer to refund
the money if it does not cure," said
druggists H. P. Dunn & Co. to one of
their many customers, "but we are
glad to sell Dr. Howard's specific for the
cure of constipation and dyspepsia on
that plan.

"The Howard Co., in order to get a
quick introductory sale, authorized
us to sell the regular fifty cent bottle
of their specific for half price, 25 cents,
and, although we have sold a lot of it,
and guaranteed every package, not one
has been brought back as unsatisfactory.

"One great advantage of this specific"
he continued, "is its small dose and con-
venient form. There are sixty doses in
a vial that can be carried in the vest
pocket or purse, and every one has more
medicinal power than a big pill or tablet
or a tumbler of mineral water.

"H. P. Dunn & Co. are still selling the
specific at half price, although we can-
not tell how long we shall be able to do
so. Any person who is subject to con-
stipation, sick headache, dizziness, liver
trouble, indigestion or a general played-
out condition, ought to take advantage
of this opportunity. If the specific does
not cure them they can come right back
to our store and we will cheerfully re-
fund their money." 9

BULLET IN HER FOREHEAD.
California Woman Leaps From a Win-
dow While Wounded.

Los Angeles, Cal., Sept. 5.—Mrs.
Griffith, wife of Colonel Griffith, a Los
Angeles park commissioner and owner
of the large Los Feliz ranch, lies at
California hospital in a serious condi-
tion as the result of a bullet wound in
her forehead.

Mrs. Griffith leaped out of the third-
story window of a hotel at Santa Mon-
ica. She fell a distance of fifteen
feet to a veranda, whence she crawled
in a second story window. There was
a bullet wound in her forehead just
above the right temple.

Colonel Griffith says that in packing
their trunks last night, his wife picked
up a revolver and accidentally dis-
charged it. The bullet struck her in the
forehead and he says she rushed to
the window and leaped out.

tramp, who carried her, kicking and
screaming, to a grove near by. Her
cries attracted women and children,
and the man was frightened. Hudson
people are much excited, and there is
strong talk of lynching the man if he
is caught.

IN HONOR OF LIPTON

PROMINENT PILGRIMS OF THE
UNITED STATES GIVE A DIN-
NER IN NEW YORK.

CONGRATULATES AMERICANS

SIR THOMAS SAYS THE RELIANCE
IS A BETTER BOAT THAN THE
LATE CHALLENGER.

New York, Sept. 5.—Sir Thomas
Lipton was the guest of honor of the
Pilgrims of the United States at a din-
ner given in his honor last night at
the Waldorf-Astoria.

Nearly one hundred men prominent
in many walks of life were present.
Sir Thomas arrived at 7:40 o'clock
and for half an hour received his
friends. Then Sir Thomas, escorted
by George T. Wilson, who was to pre-
side, led the way from the reception
room to the tables. At either end of
the hall was hung Sir Thomas' private
emblem, a shamrock on a field of yellow,
surrounded by a green border, while
above the guests' table were draped
the flags of Great Britain and the
United States. Bunches of roses
on each table and ferns on the walls
completed the decorations.

In order to enliven affairs somewhat
at the outset, the guests sang a little
song to the refrain of "Mr. Dooley,"
which told of the virtues of Sir Thomas
and his enduring efforts to lift the
cup.

No Formal Speeches.

There had been arranged no formal
speeches, but the following were called
on: George T. Wilson, Sir Thomas
Lipton, General Joseph Wheeler, Gen-
eral H. C. Corbin, Colonel Henry Wat-
terson, Former Governor C. S. Thomas
of Colorado and Senator A. E. Bates.
When the toasts were served, a pro-
cession of waiters marched in, to a
popular air, bearing trays crowned
with silver harps; full rigged models
of Reliance and Shamrock, and easels
with figures of yachts. Later, women
began to appear in the boxes, among
them being the Countess of Shaftes-
bury and many other women who
have been Sir Thomas' guests on
board the Erin.

Mr. Wilson, addressing Sir Thomas,
said that his attitude had struck a re-
sponsive chord in every heart.

"As a loser," he said, "you are a
corker. You will ever have the ad-
miration, love and regard of all
Americans."

Sir Thomas was given many hearty
rounds of cheers when he arose. He
said:
"We are all, more or less, pilgrims
here tonight, and I would like to feel
that I am not a stranger among you.
Many of my best American friends
are pilgrims and I regard it as a great
honor to be your guest."

"Fairly and Squarely" Beaten.
"As regards the cup races, we have
been beaten 'fairly and squarely,' and
I congratulate America on having the
better boat. I wish to take occasion
here to express my thanks for the
courteousness and kindness shown me
by the New York Yacht club. Every-
thing has been done that could be done
to make my visit here a pleasant one.
I am especially grateful for the ad-
mirable way in which the course was
kept clear."

"I have heard much comment for
and against the Sandy Hook course.
It is as good course as any other—nay,
there is no other course in the world
like it.
"I am beginning to think that there
is some magic spell about that
'bloomin' old cup.' Two years ago I
had it almost within my grasp, but it
escaped me then as it has escaped me
now—and it seems as far off as ever.
It reminds me of the story of the Irish-
man who was asked if he could play a
fiddle. 'I don't know,' said he, 'I've
never tried it.' I have tried it and
tried again without success, but my
motto has always been, 'Try, try
again.' Although I have been with-
out success each time I have tried, I
do not despair that

Some Day We Shall Succeed
In capturing that famous trophy, al-
though I must confess that we appear
now to be more than a little bit astern.
"Herreshoff is the greatest designer
of the age, but I am still very hope-
ful that I shall see that cup on the
other side yet."

"America is a very hard country to
beat and I know it. I am a very dis-
appointed man, but still I have the
consolation that both conqueror and
conquered belong to the same good
old race. The cup is still in the fam-
ily, only it is held by a younger and
more go-ahead generation.
"Gentlemen, while I lost the cup,
or rather did not succeed in winning
it, I have not lost the esteem and good
will of my American friends, which
esteem and good will I reciprocate in
the very highest degree possible. A
great comfort and consolation to me
in my unsuccessful effort to lift the
cup is the great kindness shown me by
all classes. My feeling of gratitude
for this spirit is great beyond expres-
sion. I shall bear in my heart the
remembrance of your kindly acts for
all time. I am sure that as the days
and years roll by these contests

Will Not Have Been Held in Vain
if they make us realize that wherever
we are all the world over we shall
"brithers be for a' that."

After speeches had been made by the
Earl of Shaftesbury, General Corbin
and Colonel Watterson, General
Wheeler said:
"The events of the past two weeks
are an illustration of the old and tried
saying that we sometimes build higher
than we know. It is fortunate, not
only for himself, but for the world,
that Sir Thomas did not succeed in
the special purpose for which he
crossed the ocean. What seemed to
be loss, misfortune and disaster, has
become in reality fortune, triumph and
victory. Sir Thomas came to Ameri-

ca to win a silver cup. He has won
what is even better than a golden
crown—the admiration, applause and
love of the world. Any one can be
grand in success and victory, but the
world produces few who can rise to
the height of grandeur when their
most herculean efforts have failed in
the cherished purpose of their ambi-
tions."

SIR THOMAS UNDECIDED.

But May Challenge Again for the
America's Cup.

New York, Sept. 5.—Sir Thomas Lip-
ton is still undecided whether to chal-
lenge again for the America's cup.
He said Friday: "If I can find a man
who can design a boat to beat the
Yankee sloop I shall challenge again.
To say that I shall not challenge
again is untrue. If a do challenge
again it will be with a ninety-footer."
Sir Thomas said that when Sham-
rock III was sailing a England on a
92-foot water line, before her extra
weight was removed to bring her with-
in the 96-foot limit, she did a great
deal better than after the change.

Both Shamrocks will be jury rigged
and start for England in tow in about
ten days. Sir Thomas said that he
would not sell either of them.

INDICATE IMPROVEMENT.

Fall Jobbing Trade Reports of an Opti-
mistic Character.

New York, Sept. 5.—Bradstreet's re-
view of trade says jobbing trade re-
ports indicate further improvement
and monetary conditions show less
tension. The tone of general business
is conservative and the tendency is
to eliminate anything in the nature
of speculation or overextension from
general business. Manufacturing in-
dustry shows continued activity ex-
cept in such lines as cotton and silk
production, which note the influence
of special conditions, and some lines
of iron and steel. Evidence of an ap-
proaching slackening in the output of
anthracite coal is to be seen. Some
improvement is noted in car scarcity
trouble, and gross earnings of rail-
roads continue, but increased cost of
operations for heavy improvements
limit net receipts. Failures show only
the usual midsummer volume so far
as number is concerned, but August
suspensions foot up a larger total of
liabilities, particularly of small finan-
cial institutions and manufacturers.

AMERICANS BADLY WOUNDED.

Policy of French Commanders Creates
Indignation in Peking.

Peking, Sept. 5.—Severe wounds in-
flicted on two Americans by French
soldiers have created general indigna-
tion against the policy of German and
French commanders in ordering their
soldiers to carry side arms while off
duty. After the German-American af-
fray last May all of the foreign com-
manders agreed to prohibit the carry-
ing of side arms while the men were
outside of their posts. This agree-
ment, however, was overruled by the
German general and the soldiers of
the Kaiser were again ordered to wear
side arms and their example was fol-
lowed by the French. All of the other
foreign soldiers travel about unarmed.
Witnesses of the affair of Thursday
declare that the French were clearly
the aggressors. The French com-
mander treated the matter lightly, but
a strong request for the punishment
of the guilty persons has been made
by Captain Andrew Brewster, military
attache of the American legation.

PROPELLER WRECKS ITSELF.

Launching of Professor Langley's
Aerodrome Again Postponed.

Widewater, Va., Sept. 5.—The pros-
pective launching Friday afternoon of
Professor Langley's big aerodrome was
abandoned at 4 o'clock after the port
propeller, revolving about 600 times a
minute, had wrecked itself among the
rods and bars of the machine. Both
blades of the propeller were torn to
small pieces and one of the main sup-
porting rods of the airship was bent to
a right angle. Other slight damage
was done. The accident was the re-
sult of a change, occurring in some
unexplained manner, in the orbit of
the blades. But for the prompt action
of Professor Manley, who was in the
navigator's car, the aerodrome might
have been hurled from the superstruc-
ture and wrecked.

BRICK WALLS COLLAPSE.

One Workman Killed and Five Others
Injured at Vinton, Ia.

Vinton, Ia., Sept. 5.—William John-
son, a laborer, was killed and five
painters were injured Friday by the
collapsing of the front and side walls
of a two-story brick building occupied
by Quinn's grocery. Several work-
men were carried down in the debris.
The building had been undergoing re-
pairs for a month and an iron support
under one corner gave away. The in-
jured are: George Pitts, William
Bowen, Fred Dake, Albert Fisher and
Clarence Prey.

Loss to the grocery stock is \$2,000
and to the building \$8,000.

SPORTING WRITER DEAD.

John B. McCormick Succumbs to
Bright's Disease at Bath Beach.

New York, Sept. 5.—John B. McCor-
mick (Macon), sporting writer, died
Friday at Bath Beach of Bright's dis-
ease. He was born in Cincinnati in
1837. For twenty years he was con-
nected with the Cincinnati Enquirer,
and while on the staff of that paper
had much to do in bringing out John
L. Sullivan. After he had retired from
active newspaper life he became iden-
tified with theatrical work.

Sullivan Head of the Eagles.

New York, Sept. 5.—Congressman
Timothy D. Sullivan is now the head
of the Fraternal Order of Eagles, hav-
ing been elected grand worthy mas-
ter at the convention in Tammany

and there was lively campaigning
from beginning to end. W. F. Ed-
wards, Anderson, Ind., was elected vice
president and Joseph H. Ellis, Minne-
apolis, chaplain.

ARE YOU AFFLICTED WITH THE ITCH KING OF THE BLOOD ECZEMA

The prevalence of Eczema among the young and old is due to the introduction of poison-
ous matter in the blood. Those pimples, sores and eruptions upon the face, neck and body
are all caused by impure blood. ECZEMA is a living fire to the blood, and the blood fires
the skin with the fuel of its impurities, remove the impurity and the trouble passes away.
MEDERINE is a specific blood prescription that cleanses, filters and purifies the blood of
every possible taint, and quickly and permanently cures Eczema. Thousands of well-

Eczema on Face and Neck.
Sam S. Clars, St. Joseph, Mo., writes: I have been
afflicted for years with pimples and blotches on my face
and neck. I was a sight to look upon. After trying all
the best known remedies for 18 months, I tried MED-
ERINE, and it cured me and my face is now free from
pimples, blotches and all signs of Eczema. Eczema had
an express order for another course of treatment for a
friend of mine.

Eczema Permanently Cured.
Mrs. Francis L. Cooley, Memphis, Tenn., says: I write
to tell you that my Eczema of twelve years' standing is
cured. All the little pustular eruptions on my back and
legs have disappeared. The skin of my body for years
was covered with red, itchy spots and inflammation, which
would scald, while between my toes the flesh would peel
off, and the itching and burning at times was almost
unbearable. I tried doctor's prescriptions and other
cure with no success.

BULLET IN HER FOREHEAD.
California Woman Leaps From a Win-
dow While Wounded.

Los Angeles, Cal., Sept. 5.—Mrs. Griffith, wife of Colonel Griffith, a Los Angeles park commissioner and owner of the large Los Felix ranch, lies at California hospital in a serious condition as the result of a bullet wound in her forehead.

Mrs. Griffith leaped out of the third-story window of a hotel at Santa Monica. She fell a distance of fifteen feet to a veranda, whence she crawled in a second story window. There was a bullet wound in her forehead just above the right temple.

Colonel Griffith says that in packing their trunks last night, his wife picked up a revolver and accidentally discharged it. The bullet struck her in the forehead and he says she rushed to the window and leaped out.

KIDNAPPED YOUNG GIRL.
Tramp May Be Lynched at Hudson, Wis., If Caught.

St. Paul, Sept. 5.—A special to the Globe from Hudson, Wis., says: Lotte Ring, fourteen years of age, was kidnapped Friday afternoon on the streets of North Hudson by a burly tramp, who carried her, kicking and screaming, to a grove near by. Her cries attracted women and children, and the man was frightened. Hudson people are much excited, and there is strong talk of lynching the man if he is caught.

TWO WOMEN KILLED.
Attempted to Board a Logging Train in Oregon.

Marshfield, Ore., Sept. 5.—Mrs. Fannie Rickford and Mrs. E. A. Gibson were run over and killed Friday by a logging train on the Daniels Creek railway at King's camp. The women attempted to get on board while the cars were moving slowly.

Favors a Chair of Common Sense.
South Bend, Ind., Sept. 5.—Bishop Isaac W. Joyce of Minneapolis, who is presiding over the Northwestern Indiana conference of the Methodist Episcopal church, says that he favors the founding of a chair of common sense in theological schools.

IN HONOR OF LIPTON

PROMINENT PILGRIMS OF THE
UNITED STATES GIVE A DIN-
NER IN NEW YORK.

CONGRATULATES AMERICANS

SIR THOMAS SAYS THE RELIANCE
IS A BETTER BOAT THAN THE
LATE CHALLENGER.

New York, Sept. 5.—Sir Thomas Lipton was the guest of honor of the Pilgrims of the United States at a dinner given in his honor last night at the Waldorf-Astoria.

Nearly one hundred men prominent in many walks of life were present. Sir Thomas arrived at 7:40 o'clock and for half an hour received his friends. Then Sir Thomas, escorted by George T. Wilson, who was to preside, led the way from the reception room to the tables. At either end of the hall was hung Sir Thomas' private emblem, a shamrock on a field of yellow, surrounded by a green border, while above the guests' table were draped the flags of Great Britain and the United States. Bunches of roses on each table and ferns on the walls completed the decorations.

In order to enliven affairs somewhat at the outset, the guests sang a little song to the refrain of "Mr. Dooley," which told of the virtues of Sir Thomas and his enduring efforts to lift the cup.

No Formal Speeches.

There had been arranged no formal speeches, but the following were called on: George T. Wilson, Sir Thomas Lipton, General Joseph Wheeler, General H. C. Corbin, Colonel Henry Watterson, former Governor C. S. Thomas of Colorado and Senator A. E. Bates. When the toasts were served, a procession of waiters marched in, to a popular air, bearing trays crowned with gilded harps, full rigged models of Reliance and Shamrock, and easels with figures of yachts. Later, women began to appear in the boxes, among them being the Countess of Shaftesbury and many other women who have been Sir Thomas' guests on board the Erin.

Mr. Wilson, addressing Sir Thomas, said that his attitude had struck a responsive chord in every heart. "As a loser," he said, "you are a corker. You will ever have the admiration, love and regard of all Americans."

Sir Thomas was given many hearty rounds of cheers when he arose. He said: "We are all more or less pilgrims here tonight, and I would like to feel that I am not a stranger among you. Many of my best American friends are pilgrims and I regard it as a great honor to be your guest."

"Fairly and Squarely" Beaten.

"As regards the cup races, we have been beaten 'fairly and squarely,' and I congratulate America on having the better boat. I wish to take occasion here to express my thanks for the courteousness and kindness shown me by the New York Yacht club. Everything has been done that could be done to make my visit here a pleasant one. I am especially grateful for the admirable way in which the course was kept clear."

"I have heard much comment for and against the Sandy Hook course. It is as good course as any other—nay, there is no other course in the world like it."

"I am beginning to think that there is some magic spell about that 'blooming' old cup. Two years ago I had it almost within my grasp, but it escaped me then as it has escaped me now—and it seems as far off as ever. It reminds me of the story of the Irishman who was asked if he could play a fiddle. 'I don't know,' said he, 'I've never tried it.' I have tried it and tried again without success, but my motto has always been, 'Try, try again.' Although I have been with out success each time I have tried, I do not despair that."

Some Day We Shall Succeed
In capturing that famous trophy, although I must confess that we appear now to be more than a little bit astern. "Herreshoff is the greatest designer of the age, but I am still very hopeful that I shall see that cup on the other side yet."

"America is a very hard country to beat and I know it. I am a very disappointed man, but still I have the consolation that both conqueror and conquered belong to the same good old race. The cup is still in the family, only it is held by a younger and more go-ahead generation."

"Gentlemen, while I lost the cup, or rather did not succeed in winning it, I have not lost the esteem and good will of my American friends, which esteem and good will I reciprocate in the very highest degree possible. A great comfort and consolation to me in my unsuccessful effort to lift the cup is the great kindness shown me by all classes. My feeling of gratitude for this spirit is great beyond expression. I shall bear in my heart the remembrance of your kindly acts for all time. I am sure that as the days and years roll by these contests"

Will Not Have Been Held in Vain
if they make us realize that wherever we are all the world over we shall 'brithers be for a' that.'"

After speeches had been made by the Earl of Shaftesbury, General Corbin and Colonel Watterson, General Wheeler said:

"The events of the past two weeks are an illustration of the old and tried saying that we sometimes build higher than we know. It is fortunate, not only for himself, but for the world, that Sir Thomas did not succeed in the special purpose for which he crossed the ocean. What seemed to be loss, misfortune and disaster, has become in reality fortune, triumph and victory. Sir Thomas came to Ameri-

ca to win a silver cup. He has won what is even better than a golden crown—the admiration, applause and love of the world. Any one can be grand in success and victory, but the world produces few who can rise to the height of grandeur when their most herculean efforts have failed in the cherished purpose of their ambitions."

SIR THOMAS UNDECIDED.

But May Challenge Again for the America's Cup.

New York, Sept. 5.—Sir Thomas Lipton is still undecided whether to challenge again for the America's cup. He said Friday: "If I can find a man who can design a boat to beat the Yankee sloop I shall challenge again. To say that I shall not challenge again is untrue. If a boat challenge again it will be with a ninety-footer." Sir Thomas said that when Shamrock III. was sailing a England on a 92-foot water line, before her extra weight was removed to bring her within the 90-foot limit, she did a great deal better than after the change. Both Shamrocks will be jury rigged and start for England in tow in about ten days. Sir Thomas said that he would not sell either of them.

INDICATE IMPROVEMENT.

Fail Jobbing Trade Reports of an Optimistic Character.

New York, Sept. 5.—Bradstreet's review of trade says jobbing trade reports indicate further improvement and monetary conditions show less tension. The tone of general business is conservative and the tendency is to eliminate anything in the nature of speculation or overexertion from general business. Manufacturing industry shows continued activity except in such lines as cotton and silk production, which note the influence of special conditions, and some lines of iron and steel. Evidence of an approaching slackening in the output of anthracite coal is to be seen. Some improvement is noted in car scarcity trouble, and gross earnings of railroads continue, but increased cost of operations for heavy improvements limit net receipts. Failures show only the usual midsummer volume so far as number is concerned, but August suspensions foot up a larger total of liabilities, particularly of small financial institutions and manufacturers.

AMERICANS BADLY WOUNDED.

Policy of French Commanders Creates Indignation in Peking.

Peking, Sept. 5.—Severe wounds inflicted on two Americans by French soldiers have created general indignation against the policy of German and French commanders in ordering their soldiers to carry side arms while on duty. After the German-American affair last May all of the foreign commanders agreed to prohibit the carrying of side arms while the men were outside of their posts. This agreement, however, was overruled by the German general, and the soldiers of the Kaiser were again ordered to wear side arms and their example was followed by the French. All of the other foreign soldiers travel about unarmed. Witnesses of the affair of Thursday declare that the French were clearly the aggressors. The French commander treats the matter lightly, but a strong request for the punishment of the guilty persons has been made by Captain Andrew Brewster, military attache of the American legation.

PROPELLER WRECKS ITSELF.

Launching of Professor Langley's Aerodrome Again Postponed.

Widewater, Va., Sept. 5.—The prospective launching Friday afternoon of Professor Langley's big aerodrome was abandoned at 4 o'clock after the port propeller, revolving about 600 times a minute, had wrecked itself among the rods and bars of the machine. Both blades of the propeller were torn to small pieces and one of the main supporting rods of the airship was bent to a right angle. Other slight damage was done. The accident was the result of a change, occurring in some unexplained manner, in the orbit of the blades. But for the prompt action of Professor Manley, who was in the navigator's car, the aerodrome might have been hurled from the superstructure and wrecked.

BRICK WALLS COLLAPSE.

One Workman Killed and Five Others Injured at Vinton, Ia.

Vinton, Ia., Sept. 5.—William Johnson, a laborer, was killed and five painters were injured Friday by the collapsing of the front and side walls of a two-story brick building occupied by Quinn's grocery. Several workmen were carried down in the debris. The building had been undergoing repairs for a month and an iron support under one corner gave away. The injured are: George Pitts, William Bowen, Fred Dake, Albert Fisher and Clarence Prey.

Loss to the grocery stock is \$2,000 and to the building \$8,000.

SPORTING WRITER DEAD.

John B. McCormick Succumbs to Bright's Disease at Bath Beach.

New York, Sept. 5.—John B. McCormick (Macou), sporting writer, died Friday at Bath Beach of Bright's disease. He was born in Cincinnati in 1837. For twenty years he was connected with the Cincinnati Enquirer, and while on the staff of that paper had much to do in bringing out John L. Sullivan. After he had retired from active newspaper life he became identified with theatrical work.

Sullivan Head of the Eagles.

New York, Sept. 5.—Congressman Timothy D. Sullivan is now the head of the Fraternal Order of Eagles, having been elected grand worthy master at the convention in Tammany Hall Friday. The election was spirited and there was lively campaigning from beginning to end. W. F. Edwards, Anderson, Ind., was elected vice president and Joseph H. Ellis, Minneapolis, chaplain.

ARE YOU AFFLICTED WITH THE ITCH KING OF THE BLOOD ECZEMA

The prevalence of Eczema among the young and old is due to the introduction of poisonous matter in the blood. Those pimples, sores and eruptions upon the face, neck and body are all caused by impure blood. ECZEMA is a living fire to the blood, and the blood, fire, the skin, with the fuel of its impurities, remove the impurity and the trouble passes away. MEDERINE is a specific blood prescription that cleanses, filters and purifies the blood of every possible taint, and quickly and permanently cures Eczema.
